- Ecolaire & Yuba brands: Steam Surface Condensers, Steam Jet Air Injectors, Geothermal Surface Condensers, Advanced Direct Condenser and Turbine Isolation Dampers.
- Feedwater Heaters
- Condenser Refurbishments, Thermal Performance Upgrades, Life Extensions, Parts & Services and Engineering Studies.

WSA

www.wsaes.com

- An effective and permanent mechanical solution for eliminating fouling and scaling for shell & tube and plate & frame heat exchanger, without a need for equipment shutdown or plant outage. The technologies offered includes Brush and Baskets as well as Recirculating Ball Systems.

LAKOS SEPARATORS USA

www.lakos.com

- Centrifugal Filtration Separators for Removal of Grit & Scale for a Wide Variety of Solids-From-Liquids Applications
- Cooling Tower Sand Filters with Stainless Steel & FRP Construction of Completely Packaged Systems

TRANTER PHE, INC.

www.tranter.com

- SUPERCHANGER® Plate & Frame Alloy Heat Exchangers, PLATECOIL® Carbon Steel & Alloy Heat Transfer Panels
- MAXCHANGER™ - SUPERMAX™ - ULTRAMAX™ All Welded Alloy Plate Heat Exchangers.

SUNDYNE CORPORATION

www.sundyne.com

- PUMPS - High Speed & Pressure API Pumps for Low Flows & High Head for Tough Services Including: Refining, Gas & Chemical Processing and General Industrial Application
- COMPRESSORS - High Speed Process Gas Compressors, Compact Size, Ease of Maintenance, API Design available

THE SPENCER TURBINE COMPANY

www.spencerturbine.com

- Multi & Single Stage Pressure Blowers & Exhauster with Flows to 20,000 CFM, Pressures to 15.5 psi & Vacuums to 13" Hg
- Central & Portable Vacuum Systems for Industrial, Institutional & Commercial Use, Tubing & Fittings.

GRAVER WATER SYSTEMS

www.graver.com

- Engineered and manufactured customer & semi-custom systems water & wastewater treatment equipment and control systems.
- Boiler feedwater, produced water, potable water, specialized process and solids recovery for water for use, recycle or discharge.

ECODYNE LIMITED

www.ecodyne.com

- In-house innovative solutions to all of your water treatment equipment needs from pretreatment to point of use.
- Complete custom systems for specialized process and solids recovery and the cooling of water for use, recycle or discharge.

RP ADAMS

www.rpadams.com

- Industrial filtration equipment, Automatic Water Strainers, Shell & Tube Heat Exchangers, Aftercoolers, and Cyclone Separators.
- Offering responsive sales and technical support for solving heat transfer and liquid filter process requirements.

LITTLEFORD DAY

www.littleford.com

- Industrial Mixers, Dryers and Reactors, offers unmatched technical expertise to the process industries.
- Incredible versatility, in addition to unparalleled technology and craftsmanship. Regardless of the industry, or application, for pharmaceutical, food, chemical, environmental, plastic, & other industries.
